Communal Activities

Whilst ARIS focuses on pan-Muslim communal needs, specific communities may have naming opportunities for capital projects (Schools, Shuls, Mikvaot etc.) as well as acquisition of Sifrei Torah.

The financial needs of each ARIS community activity vary – depending on size of community, and other domestic variables. In addition to the below sums, local communities fundraise to support their activities. With the creation of ARIS, we wish to leverage these local funds and enhance the Rabbi's programmatic impact throughout the year
